
**NONINDIGENOUS AQUATIC NUISANCE PREVENTION
AND CONTROL ACT OF 1990**

Q:\COMP\WATER1\NANPCA90

December 29, 2000

**NONINDIGENOUS AQUATIC NUISANCE PREVENTION
AND CONTROL ACT OF 1990**

[As Amended Through P.L. 106–580, Dec. 29, 2000]

AN ACT To prevent and control infestations of the coastal inland waters of the United States by the zebra mussel and other nonindigenous aquatic nuisance species, to reauthorize the National Sea Grant College Program, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

**TITLE I—AQUATIC NUISANCE
PREVENTION AND CONTROL**

Subtitle A—General Provisions

SECTION 1001. SHORT TITLE.

This title may be cited as the “Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990”.

(16 U.S.C. 4701 nt)

SEC. 1002. FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds that—

(1) the discharge of untreated water in the ballast tanks of vessels and through other means results in unintentional introductions of nonindigenous species to fresh, brackish, and saltwater environments;

(2) when environmental conditions are favorable, nonindigenous species become established, may compete with or prey upon native species of plants, fish, and wildlife, may carry diseases or parasites that affect native species, and may disrupt the aquatic environment and economy of affected near-shore areas;

(3) the zebra mussel was unintentionally introduced into the Great Lakes and has infested—

(A) waters south of the Great Lakes, into a good portion of the Mississippi River drainage;

(B) waters west of the Great Lakes, into the Arkansas River in Oklahoma; and

(C) waters east of the Great Lakes, into the Hudson River and Lake Champlain;

(4) the potential economic disruption to communities affected by the zebra mussel due to its colonization of water pipes, boat hulls and other hard surfaces has been estimated

at \$5,000,000,000 by the year 2000, and the potential disruption to the diversity and abundance of native fish and other species by the zebra mussel and ruffe, round goby, and other nonindigenous species could be severe;

(5) the zebra mussel was discovered on Lake Champlain during 1993 and the opportunity exists to act quickly to establish zebra mussel controls before Lake Champlain is further infested and management costs escalate;

(6) in 1992, the zebra mussel was discovered at the northernmost reaches of the Chesapeake Bay watershed;

(7) the zebra mussel poses an imminent risk of invasion in the main waters of the Chesapeake Bay;

(8) since the Chesapeake Bay is the largest recipient of foreign ballast water on the East Coast, there is a risk of further invasions of other nonindigenous species;

(9) the zebra mussel is only one example of thousands of nonindigenous species that have become established in waters of the United States and may be causing economic and ecological degradation with respect to the natural resources of waters of the United States;

(10) since their introduction in the early 1980's in ballast water discharges, ruffe—

(A) have caused severe declines in populations of other species of fish in Duluth Harbor (in Minnesota and Wisconsin);

(B) have spread to Lake Huron; and

(C) are likely to spread quickly to most other waters in North America if action is not taken promptly to control their spread;

(11) examples of nonindigenous species that, as of the date of enactment of the National Invasive Species Act of 1996, infest coastal waters of the United States and that have the potential for causing adverse economic and ecological effects include—

(A) the mitten crab (*Eriocheir sinensis*) that has become established on the Pacific Coast;

(B) the green crab (*Carcinus maenas*) that has become established in the coastal waters of the Atlantic Ocean;

(C) the brown mussel (*Perna perna*) that has become established along the Gulf of Mexico; and

(D) certain shellfish pathogens;

(12) many aquatic nuisance vegetation species, such as Eurasian watermilfoil, hydrilla, water hyacinth, and water chestnut, have been introduced to waters of the United States from other parts of the world causing or having a potential to cause adverse environmental, ecological, and economic effects;

(13) if preventive management measures are not taken nationwide to prevent and control unintentionally introduced nonindigenous aquatic species in a timely manner, further introductions and infestations of species that are as destructive as, or more destructive than, the zebra mussel or the ruffe infestations may occur;

(14) once introduced into waters of the United States, aquatic nuisance species are unintentionally transported and

introduced into inland lakes and rivers by recreational boaters, commercial barge traffic, and a variety of other pathways; and (15) resolving the problems associated with aquatic nuisance species will require the participation and cooperation of the Federal Government and State governments, and investment in the development of prevention technologies.

(b) PURPOSES.—The purposes of this Act are—

(1) to prevent unintentional introduction and dispersal of nonindigenous species into waters of the United States through ballast water management and other requirements;

(2) to coordinate federally conducted, funded or authorized research, prevention control, information dissemination and other activities regarding the zebra mussel and other aquatic nuisance species;

(3) to develop and carry out environmentally sound control methods to prevent, monitor and control unintentional introductions of nonindigenous species from pathways other than ballast water exchange;

(4) to understand and minimize economic and ecological impacts of nonindigenous aquatic nuisance species that become established, including the zebra mussel; and

(5) to establish a program of research and technology development and assistance to States in the management and removal of zebra mussels.

(16 U.S.C. 4701)

SEC. 1003. DEFINITIONS.

As used in this Act, the term—

(1) “aquatic nuisance species” means a nonindigenous species that threatens the diversity or abundance of native species or the ecological stability of infested waters, or commercial, agricultural, aquacultural or recreational activities dependent on such waters;

(2) “Assistant Secretary” means the Assistant Secretary of the Army (Civil Works);

(3) “ballast water” means any water and associated sediments used to manipulate the trim and stability of a vessel;

(4) “Director” means the Director of the United States Fish and Wildlife Service;

(5) “exclusive economic zone” means the Exclusive Economic Zone of the United States established by Proclamation Number 5030, dated March 10, 1983, and the equivalent zone of Canada;

(6) “environmentally sound” methods, efforts, actions or programs means methods, efforts, actions or programs to prevent introductions or control infestations of aquatic nuisance species that minimize adverse impacts to the structure and function of an ecosystem and adverse effects on non-target organisms and ecosystems and emphasize integrated pest management techniques and nonchemical measures;

(7) “Great Lakes” means Lake Ontario, Lake Erie, Lake Huron (including Lake St. Clair), Lake Michigan, Lake Superior, and the connecting channels (Saint Mary’s River, Saint Clair River, Detroit River, Niagara River, and Saint Lawrence

River to the Canadian Border), and includes all other bodies of water within the drainage basin of such lakes and connecting channels.

(8) "Great Lakes region" means the 8 States that border on the Great Lakes;

(9) "Indian tribe" means any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or regional corporation (as defined in or established pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.)) that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians;

(10) "interstate organization" means an entity—

(A) established by—

(i) an interstate compact that is approved by Congress;

(ii) a Federal statute; or

(iii) a treaty or other international agreement with respect to which the United States is a party; and

(B)(i) that represents 2 or more—

(I) States or political subdivisions thereof; or

(II) Indian tribes; or

(ii) that represents—

(I) 1 or more States or political subdivisions thereof; and

(II) 1 or more Indian tribes; or

(iii) that represents the Federal Government and 1 or more foreign governments; and

(C) has jurisdiction over, serves as forum for coordinating, or otherwise has a role or responsibility for the management of, any land or other natural resource;

(11) "nonindigenous species" means any species or other viable biological material that enters an ecosystem beyond its historic range, including any such organism transferred from one country into another;

(12) "Secretary" means the Secretary of the department in which the Coast Guard is operating;

(13) "Task Force" means the Aquatic Nuisance Species Task Force established under section 1201 of this Act;

(14) "territorial sea" means the belt of the sea measured from the baseline of the United States determined in accordance with international law, as set forth in Presidential Proclamation Number 5928, dated December 27, 1988;

(15) "Under Secretary" means the Under Secretary of Commerce for Oceans and Atmosphere;

(16) "waters of the United States" means the navigable waters and the territorial sea of the United States; and

(17) "unintentional introduction" means an introduction of nonindigenous species that occurs as the result of activities other than the purposeful or intentional introduction of the species involved, such as the transport of nonindigenous species in ballast or in water used to transport fish, mollusks or crustaceans for aquaculture or other purposes.

(16 U.S.C. 4702)

Subtitle B—Prevention of Unintentional Introductions of Nonindigenous Aquatic Species

SEC. 1101. AQUATIC NUISANCE SPECIES IN WATERS OF THE UNITED STATES.

(a) GREAT LAKES GUIDELINES.—

(1) IN GENERAL.—Not later than 6 months after the date of enactment of this Act, the Secretary shall issue voluntary guidelines to prevent the introduction and spread of aquatic nuisance species into the Great Lakes through the exchange of ballast water of vessels prior to entering those waters.

(2) CONTENT OF GUIDELINES.—The guidelines issued under this subsection shall—

(A) ensure to the maximum extent practicable that ballast water containing aquatic nuisance species is not discharged into the Great Lakes;

(B) protect the safety of—

(i) each vessel; and

(ii) the crew and passengers of each vessel;

(C) take into consideration different vessel operating conditions; and

(D) be based on the best scientific information available.

(b) REGULATIONS.—

(1) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Secretary, in consultation with the Task Force, shall issue regulations to prevent the introduction and spread of aquatic nuisance species into the Great Lakes through the ballast water of vessels.

(2) CONTENT OF REGULATIONS.—The regulations issued under this subsection shall—

(A) apply to all vessels equipped with ballast water tanks that enter a United States port on the Great Lakes after operating on the waters beyond the exclusive economic zone;

(B) require a vessel to—

(i) carry out exchange of ballast water on the waters beyond the exclusive economic zone prior to entry into any port within the Great Lakes;

(ii) carry out an exchange of ballast water in other waters where the exchange does not pose a threat of infestation or spread of aquatic nuisance species in the Great Lakes and other waters of the United States, as recommended by the Task Force under section 1102(a)(1); or

(iii) use environmentally sound alternative ballast water management methods if the Secretary determines that such alternative methods are as effective as ballast water exchange in preventing and controlling infestations of aquatic nuisance species;

(C) not affect or supersede any requirements or prohibitions pertaining to the discharge of ballast water into waters of the United States under the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.);

(D) provide for sampling procedures to monitor compliance with the requirements of the regulations;

(E) prohibit the operation of a vessel in the Great Lakes if the master of the vessel has not certified to the Secretary or the Secretary's designee by not later than the departure of that vessel from the first lock in the St. Lawrence Seaway that the vessel has complied with the requirements of the regulations;

(F) protect the safety of—

(i) each vessel; and

(ii) the crew and passengers of each vessel;

(G) take into consideration different operating conditions; and

(H) be based on the best scientific information available.

(3) **ADDITIONAL REGULATIONS.**—In addition to promulgating regulations under paragraph (1), the Secretary, in consultation with the Task Force, shall, not later than November 4, 1994, issue regulations to prevent the introduction and spread of aquatic nuisance species into the Great Lakes through ballast water carried on vessels that enter a United States port on the Hudson River north of the George Washington Bridge.

(4) **EDUCATION AND TECHNICAL ASSISTANCE PROGRAMS.**—The Secretary may carry out education and technical assistance programs and other measures to promote compliance with the regulations issued under this subsection.

(c) **VOLUNTARY NATIONAL GUIDELINES.**—

(1) **IN GENERAL.**—Not later than 1 year after the date of enactment of the National Invasive Species Act of 1996, and after providing notice and an opportunity for public comment, the Secretary shall issue voluntary guidelines to prevent the introduction and spread of nonindigenous species in waters of the United States by ballast water operations and other operations of vessels equipped with ballast water tanks.

(2) **CONTENT OF GUIDELINES.**—The voluntary guidelines issued under this subsection shall—

(A) ensure to the maximum extent practicable that aquatic nuisance species are not discharged into waters of the United States from vessels;

(B) apply to all vessels equipped with ballast water tanks that operate in waters of the United States;

(C) protect the safety of—

(i) each vessel; and

(ii) the crew and passengers of each vessel;

(D) direct a vessel that is carrying ballast water into waters of the United States after operating beyond the exclusive economic zone to—

(i) carry out the exchange of ballast water of the vessel in waters beyond the exclusive economic zone;

(ii) exchange the ballast water of the vessel in other waters where the exchange does not pose a threat of infestation or spread of nonindigenous species in waters of the United States, as recommended by the Task Force under section 1102(a)(1); or

(iii) use environmentally sound alternative ballast water management methods, including modification of the vessel ballast water tanks and intake systems, if the Secretary determines that such alternative methods are at least as effective as ballast water exchange in preventing and controlling infestations of aquatic nuisance species;

(E) direct vessels to carry out management practices that the Secretary determines to be necessary to reduce the probability of unintentional nonindigenous species transfer resulting from—

(i) ship operations other than ballast water discharge; and

(ii) ballasting practices of vessels that enter waters of the United States with no ballast water on board;

(F) provide for the keeping of records that shall be submitted to the Secretary, as prescribed by the guidelines, and that shall be maintained on board each vessel and made available for inspection, upon request of the Secretary and in a manner consistent with subsection (i), in order to enable the Secretary to determine compliance with the guidelines, including—

(i) with respect to each ballast water exchange referred to in clause (ii), reporting on the precise location and thoroughness of the exchange; and

(ii) any other information that the Secretary considers necessary to assess the rate of effective compliance with the guidelines;

(G) provide for sampling procedures to monitor compliance with the guidelines;

(H) take into consideration—

(i) vessel types;

(ii) variations in the characteristics of point of origin and receiving water bodies;

(iii) variations in the ecological conditions of waters and coastal areas of the United States; and

(iv) different operating conditions;

(I) be based on the best scientific information available;

(J) not affect or supersede any requirements or prohibitions pertaining to the discharge of ballast water into waters of the United States under the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.); and

(K) provide an exemption from ballast water exchange requirements to passenger vessels with operating ballast water systems that are equipped with treatment systems designed to kill aquatic organisms in ballast water, unless the Secretary determines that such treatment systems are

Sec. 1101 NONINDIGENOUS AQUATIC NUISANCE PREVENTION & CONTROL 274

less effective than ballast water exchange at reducing the risk of transfers of invasive species in the ballast water of passenger vessels; and

(L) not apply to crude oil tankers engaged in the coast-wise trade.

(3) EDUCATION AND TECHNICAL ASSISTANCE PROGRAMS.—Not later than 1 year after the date of enactment of the National Invasive Species Act of 1996, the Secretary shall carry out education and technical assistance programs and other measures to encourage compliance with the guidelines issued under this subsection.

(d) REPORT TO CONGRESS.—Not sooner than 24 months after the date of issuance of guidelines pursuant to subsection (c) and not later than 30 months after such date, and after consultation with interested and affected persons, the Secretary shall prepare and submit to Congress a report containing the information required pursuant to paragraphs (1) and (2) of subsection (e).

(e) PERIODIC REVIEW AND REVISION.—

(1) IN GENERAL.—Not later than 3 years after the date of issuance of guidelines pursuant to subsection (c), and not less frequently than every 3 years thereafter, the Secretary shall, in accordance with criteria developed by the Task Force under paragraph (3)—

(A) assess the compliance by vessels with the voluntary guidelines issued under subsection (c) and the regulations promulgated under this Act;

(B) establish the rate of compliance that is based on the assessment under subparagraph (A);

(C) assess the effectiveness of the voluntary guidelines and regulations referred to in subparagraph (A) in reducing the introduction and spread of aquatic nuisance species by vessels; and

(D) as necessary, on the basis of the best scientific information available—

(i) revise the guidelines and regulations referred to in subparagraph (A);

(ii) promulgate additional regulations pursuant to subsection (f)(1); or

(iii) carry out each of clauses (i) and (ii).

(2) SPECIAL REVIEW AND REVISION.—Not later than 90 days after the Task Force makes a request to the Secretary for a special review and revision for coastal and inland waterways designated by the Task Force, the Secretary shall—

(A) conduct a special review of guidelines and regulations applicable to those waterways in accordance with the review procedures under paragraph (1); and

(B) as necessary, in the same manner as provided under paragraph (1)(D)—

(i) revise those guidelines;

(ii) promulgate additional regulations pursuant to subsection (f)(1); or

(iii) carry out each of clauses (i) and (ii).

(3) CRITERIA FOR EFFECTIVENESS.—Not later than 18 months after the date of enactment of the National Invasive

Species Act of 1996, the Task Force shall submit to the Secretary criteria for determining the adequacy and effectiveness of the voluntary guidelines issued under subsection (c).

(f) AUTHORITY OF SECRETARY.—

(1) GENERAL REGULATIONS.—If, on the basis of a periodic review conducted under subsection (e)(1) or a special review conducted under subsection (e)(2), the Secretary determines that—

(A) the rate of effective compliance (as determined by the Secretary) with the guidelines issued pursuant to subsection (c) is inadequate; or

(B) the reporting by vessels pursuant to those guidelines is not adequate for the Secretary to assess the compliance with those guidelines and provide a rate of compliance of vessels, including the assessment of the rate of compliance of vessels under subsection (e)(2), the Secretary shall promptly promulgate regulations that meet the requirements of paragraph (2).

(2) REQUIREMENTS FOR REGULATIONS.—The regulations promulgated by the Secretary under paragraph (1)—

(A) shall—

(i) not be promulgated sooner than 180 days following the issuance of the report to Congress submitted pursuant to subsection (d);

(ii) make mandatory the requirements included in the voluntary guidelines issued under subsection (c); and

(iii) provide for the enforcement of the regulations; and

(B) may be regional in scope.

(3) INTERNATIONAL REGULATIONS.—The Secretary shall revise regulations promulgated under this subsection to the extent required to make such regulations consistent with the treatment of a particular matter in any international agreement, agreed to by the United States, governing management of the transfer of nonindigenous aquatic species by vessel.

(g) SANCTIONS.—

(1) CIVIL PENALTIES.—Any person who violates a regulation promulgated under subsection (b) or (f) shall be liable for a civil penalty in an amount not to exceed \$25,000. Each day of a continuing violation constitutes a separate violation. A vessel operated in violation of the regulations is liable in rem for any civil penalty assessed under this subsection for that violation.

(2) CRIMINAL PENALTIES.—Any person who knowingly violates the regulations promulgated under subsection (b) or (f) is guilty of a class C felony.

(3) REVOCATION OF CLEARANCE.—Upon request of the Secretary, the Secretary of the Treasury shall withhold or revoke the clearance of a vessel required by section 4197 of the Revised Statutes (46 U.S.C. App. 91), if the owner or operator of that vessel is in violation of the regulations issued under subsection (b) or (f).

(4) EXCEPTION TO SANCTIONS.—This subsection does not apply to a failure to exchange ballast water if—

(A) the master of a vessel, acting in good faith, decides that the exchange of ballast water will threaten the safety or stability of the vessel, its crew, or its passengers; and

(B) the recordkeeping and reporting requirements of the Act are complied with.

(h) COORDINATION WITH OTHER AGENCIES.—In carrying out the programs under this section, the Secretary is encouraged to use, to the maximum extent practicable, the expertise, facilities, members, or personnel of established agencies and organizations that have routine contact with vessels, including the Animal and Plant Health Inspection Service of the Department of Agriculture, the National Cargo Bureau, port administrations, and ship pilots' associations.

(i) CONSULTATION WITH CANADA, MEXICO, AND OTHER FOREIGN GOVERNMENTS.—In developing the guidelines issued and regulations promulgated under this section, the Secretary is encouraged to consult with the Government of Canada, the Government of Mexico, and any other government of a foreign country that the Secretary, in consultation with the Task Force, determines to be necessary to develop and implement an effective international program for preventing the unintentional introduction and spread of nonindigenous species.

(j) INTERNATIONAL COOPERATION.—The Secretary, in cooperation with the International Maritime Organization of the United Nations and the Commission on Environmental Cooperation established pursuant to the North American Free Trade Agreement, is encouraged to enter into negotiations with the governments of foreign countries to develop and implement an effective international program for preventing the unintentional introduction and spread of nonindigenous species.

(k) SAFETY EXEMPTION.—

(1) MASTER DISCRETION.—The master of a vessel is not required to conduct a ballast water exchange if the master decides that the exchange would threaten the safety or stability of the vessel, its crew, or its passengers because of adverse weather, vessel architectural design, equipment failure, or any other extraordinary conditions.

(2) OTHER REQUIREMENTS.—(A) IN GENERAL.—Except as provided in subparagraph (B), a vessel that does not exchange ballast water on the high seas under paragraph (1) shall not be restricted from discharging ballast water in any harbor.

(B) GREAT LAKES.—Subparagraph (A) shall not apply in a case in which a vessel is subject to the regulations issued by the Secretary under subsection (b).

(3) CRUDE OIL TANKER BALLAST FACILITY STUDY.—(A) Within 60 days of the date of enactment of this Act, the Secretary of the department in which the Coast Guard is operating, in consultation with the Under Secretary of Commerce for Oceans and Atmosphere, affected shoreside ballast water facility operators, affected crude oil tanker operators, and interested parties, shall initiate a study of the effectiveness of existing shoreside ballast water facilities used by crude oil tank-

ers in the coastwise trade off Alaska in preventing the introduction of nonindigenous aquatic species into the waters off Alaska, as well as the cost and feasibility of modifying such facilities to improve such effectiveness.

(B) The study required under subparagraph (A) shall be submitted to the Congress by no later than October 1, 1997.

(1) NON-DISCRIMINATION.—The Secretary shall ensure that vessels registered outside of the United States do not receive more favorable treatment than vessels registered in the United States when the Secretary performs studies, reviews compliance, determines effectiveness, establishes requirements, or performs any other responsibilities under this Act.

(16 U.S.C. 4711)

SEC. 1102. NATIONAL BALLAST WATER MANAGEMENT INFORMATION.

(a) STUDIES ON INTRODUCTION OF AQUATIC NUISANCE SPECIES BY VESSELS.—

(1) BALLAST EXCHANGE STUDY.—The Task Force, in cooperation with the Secretary, shall conduct a study—

(A) to assess the environmental effects of ballast water exchange on the diversity and abundance of native species in receiving estuarine, marine, and fresh waters of the United States; and

(B) to identify areas within the waters of the United States and the exclusive economic zone, if any, where the exchange of ballast water does not pose a threat of infestation or spread of aquatic nuisance species in the Great Lakes and other waters of the United States.

(2) BIOLOGICAL STUDY.—The Task Force, in cooperation with the Secretary, shall conduct a study to determine whether aquatic nuisance species threaten the ecological characteristics and economic uses of Lake Champlain and other waters of the United States other than the Great Lakes.

(3) SHIPPING STUDY.—The Secretary shall conduct a study to determine the need for controls on vessels entering waters of the United States, other than the Great Lakes, to minimize the risk of unintentional introduction and dispersal of aquatic nuisance species in those waters. The study shall include an examination of—

(A) the degree to which shipping may be a major pathway of transmission of aquatic nuisance species in those waters;

(B) possible alternatives for controlling introduction of those species through shipping; and

(C) the feasibility of implementing regional versus national control measures.

(b) ECOLOGICAL AND BALLAST WATER DISCHARGE SURVEYS.—

(1) ECOLOGICAL SURVEYS.—

(A) IN GENERAL.—The Task Force, in cooperation with the Secretary, shall conduct ecological surveys of the Chesapeake Bay, San Francisco Bay, and Honolulu Harbor and, as necessary, of other estuaries of national significance and other waters that the Task Force determines—

(i) to be highly susceptible to invasion by aquatic nuisance species resulting from ballast water operations and other operations of vessels; and

(ii) to require further study.

(B) REQUIREMENTS FOR SURVEYS.—In conducting the surveys under this paragraph, the Task Force shall, with respect to each such survey—

(i) examine the attributes and patterns of invasions of aquatic nuisance species; and

(ii) provide an estimate of the effectiveness of ballast water management and other vessel management guidelines issued and regulations promulgated under this subtitle in abating invasions of aquatic nuisance species in the waters that are the subject of the survey.

(2) BALLAST WATER DISCHARGE SURVEYS.—

(A) IN GENERAL.—The Secretary, in cooperation with the Task Force, shall conduct surveys of ballast water discharge rates and practices in the waters referred to in paragraph (1)(A) on the basis of the criteria under clauses (i) and (ii) of such paragraph.

(B) REQUIREMENTS FOR SURVEYS.—In conducting the surveys under this paragraph, the Secretary shall—

(i) examine the rate of, and trends in, ballast water discharge in the waters that are the subject of the survey; and

(ii) assess the effectiveness of voluntary guidelines issued, and regulations promulgated, under this subtitle in altering ballast water discharge practices to reduce the probability of accidental introductions of aquatic nuisance species.

(3) COLUMBIA RIVER.—The Secretary, in cooperation with the Task Force and academic institutions in each of the States affected, shall conduct an ecological and ballast water discharge survey of the Columbia River system consistent with the requirements of paragraphs (1) and (2).

(c) REPORTS.—

(1) BALLAST EXCHANGE.—Not later than 18 months after the date of enactment of this Act and prior to the effective date of the regulations issued under section 1101(b), the Task Force shall submit a report to the Congress that presents the results of the study required under subsection (a)(1) and makes recommendations with respect to such regulations.

(2) BIOLOGICAL AND SHIPPING STUDIES.—Not later than 18 months after the date of enactment of this Act, the Secretary and the Task Force shall each submit to the Congress a report on the results of their respective studies under paragraphs (2) and (3) of subsection (a).

(d) NEGOTIATIONS.—The Secretary, working through the International Maritime Organization, is encouraged to enter into negotiations with the governments of foreign countries concerning the planning and implementation of measures aimed at the prevention and control of unintentional introductions of aquatic nuisance species in coastal waters.

279 NONINDIGENOUS AQUATIC NUISANCE PREVENTION & CONTROL Sec. 1102

(e) REGIONAL RESEARCH GRANTS.—Out of amounts appropriated to carry out this subsection for a fiscal year, the Under Secretary may—

(1) make available not to exceed \$750,000 to fund research on aquatic nuisance species prevention and control in the Chesapeake Bay through grants, to be competitively awarded and subject to peer review, to universities and research institutions;

(2) make available not to exceed \$500,000 to fund research on aquatic nuisance species prevention and control in the Gulf of Mexico through grants, to be competitively awarded and subject to peer review, to universities and research institutions;

(3) make available not to exceed \$500,000 to fund research on aquatic nuisance species prevention and control for the Pacific Coast through grants, to be competitively awarded and subject to peer review, to universities and research institutions;

(4) make available not to exceed \$500,000 to fund research on aquatic nuisance species prevention and control for the Atlantic Coast through grants, to be competitively awarded and subject to peer review, to universities and research institutions; and

(5) make available not to exceed \$750,000 to fund research on aquatic nuisance species prevention and control in the San Francisco Bay-Delta Estuary through grants, to be competitively awarded and subject to peer review, to universities and research institutions.

(f) NATIONAL BALLAST INFORMATION CLEARINGHOUSE.—

(1) IN GENERAL.—The Secretary shall develop and maintain, in consultation and cooperation with the Task Force and the Smithsonian Institution (acting through the Smithsonian Environmental Research Center), a clearinghouse of national data concerning—

(A) ballasting practices;

(B) compliance with the guidelines issued pursuant to section 1101(c); and

(C) any other information obtained by the Task Force under subsection (b).

(2) REPORT.—In consultation and cooperation with the Task Force and the Smithsonian Institution (acting through the Smithsonian Environmental Research Center), the Secretary shall prepare and submit to the Task Force and the Congress, on a biennial basis, a report that synthesizes and analyzes the data referred to in paragraph (1) relating to—

(A) ballast water delivery and management; and

(B) invasions of aquatic nuisance species resulting from ballast water.

(16 U.S.C. 4712)

SEC. 1103. ARMED SERVICES BALLAST WATER PROGRAMS.

(a) DEPARTMENT OF DEFENSE VESSELS.—Subject to operational conditions, the Secretary of Defense, in consultation with the Secretary, the Task Force, and the International Maritime Organi-

Sec. 1103 NONINDIGENOUS AQUATIC NUISANCE PREVENTION & CONTROL 280

zation, shall implement a ballast water management program for seagoing vessels of the Department of Defense to minimize the risk of introduction of nonindigenous species from releases of ballast water.

(b) **COAST GUARD VESSELS.**—Subject to operational conditions, the Secretary, in consultation with the Task Force and the International Maritime Organization, shall implement a ballast water management program for seagoing vessels of the Coast Guard to minimize the risk of introduction of nonindigenous species from releases of ballast water.

(16 U.S.C. 4713)

SEC. 1104. BALLAST WATER MANAGEMENT DEMONSTRATION PROGRAM.

(a) **TECHNOLOGIES AND PRACTICES DEFINED.**—For purposes of this section, the term “technologies and practices” means those technologies and practices that—

(1) may be retrofitted—

(A) on existing vessels or incorporated in new vessel designs; and

(B) on existing land-based ballast water treatment facilities;

(2) may be designed into new water treatment facilities;

(3) are operationally practical;

(4) are safe for a vessel and crew;

(5) are environmentally sound;

(6) are cost-effective;

(7) a vessel operator is capable of monitoring; and

(8) are effective against a broad range of aquatic nuisance species.

(b) **DEMONSTRATION PROGRAM.**—

(1) **IN GENERAL.**—During the 18-month period beginning on the date that funds are made available by appropriations pursuant to section 1301(e), the Secretary of the Interior and the Secretary of Commerce, with the concurrence of and in cooperation with the Secretary, shall conduct a ballast water management demonstration program to demonstrate technologies and practices to prevent aquatic nonindigenous species from being introduced into and spread through ballast water in the Great Lakes and other waters of the United States.

(2) **LOCATION.**—The installation and construction of the technologies and practices used in the demonstration program conducted under this subsection shall be performed in the United States.

(3) **VESSEL SELECTION.**—In demonstrating technologies and practices on vessels under this subsection, the Secretary of the Interior and the Secretary of Commerce, shall—

(A) use only vessels that—

(i) are approved by the Secretary;

(ii) have ballast water systems conducive to testing aboard-vessel or land-based technologies and practices applicable to a significant number of merchant vessels; and

(iii) are—

(I) publicly or privately owned; and

(II) in active use for trade or other cargo shipment purposes during the demonstration;

(B) select vessels for participation in the program by giving priority consideration—

(i) first, to vessels documented under chapter 121 of title 46, United States Code;

(ii) second, to vessels that are a majority owned by citizens of the United States, as determined by the Secretary; and

(iii) third, to any other vessels that regularly call on ports in the United States; and

(C) seek to use a variety of vessel types, including vessels that—

(i) call on ports in the United States and on the Great Lakes; and

(ii) are operated along major coasts of the United States and inland waterways, including the San Francisco Bay and Chesapeake Bay.

(4) SELECTION OF TECHNOLOGIES AND PRACTICES.—In selecting technologies and practices for demonstration under this subsection, the Secretary of the Interior and the Secretary of Commerce shall give priority consideration to technologies and practices identified as promising by the National Research Council Marine Board of the National Academy of Sciences in its report on ships' ballast water operations issued in July 1996.

(5) REPORT.—Not later than 3 years after the date of enactment of the National Invasive Species Act of 1996, the Secretary of the Interior and the Secretary of Commerce shall prepare and submit a report to the Congress on the demonstration program conducted pursuant to this section. The report shall include findings and recommendations of the Secretary of the Interior and the Secretary of Commerce concerning technologies and practices.

(c) AUTHORITIES; CONSULTATION AND COOPERATION WITH INTERNATIONAL MARITIME ORGANIZATION AND TASK FORCE.—

(1) AUTHORITIES.—In conducting the demonstration program under subsection (b), the Secretary of the Interior may—

(A) enter into cooperative agreements with appropriate officials of other agencies of the Federal Government, agencies of States and political subdivisions thereof, and private entities;

(B) accept funds, facilities, equipment, or personnel from other Federal agencies; and

(C) accept donations of property and services.

(2) CONSULTATION AND COOPERATION.—The Secretary of the Interior shall consult and cooperate with the International Maritime Organization and the Task Force in carrying out this section.

(16 U.S.C. 4714)

Subtitle C—Prevention and Control of Aquatic Nuisance Species Dispersal

SEC. 1201. ESTABLISHMENT OF TASK FORCE.

(a) **TASK FORCE.**—There is hereby established an “Aquatic Nuisance Species Task Force”.

(b) **MEMBERSHIP.**—Membership of the Task Force shall consist of—

- (1) the Director;
- (2) the Under Secretary;
- (3) the Administrator of the Environmental Protection Agency;
- (4) the Commandant of the United States Coast Guard;
- (5) the Assistant Secretary;
- (6) the Secretary of Agriculture; and
- (7) the head of any other Federal agency that the chairpersons designated under subsection (d) deem appropriate.

(c) **EX OFFICIO MEMBERS.**—The chairpersons designated under subsection (d) shall invite representatives of the Great Lakes Commission, the Lake Champlain Basin Program, the Chesapeake Bay Program, the San Francisco Bay-Delta Estuary Program, and State agencies and other governmental entities to participate as ex officio members of the Task Force.

(d) **CHAIRPERSONS.**—The Director and the Under Secretary shall serve as co-chairpersons of the Task Force and shall be jointly responsible, and are authorized to undertake such activities as may be necessary, for carrying out this subtitle in consultation and cooperation with the other members of the Task Force.

(e) **MEMORANDUM OF UNDERSTANDING.**—Within six months of the date of enactment of this Act, the Director and the Under Secretary shall develop a memorandum of understanding that describes the role of each in jointly carrying out this subtitle.

(f) **COORDINATION.**—Each Task Force member shall coordinate any action to carry out this subtitle with any such action by other members of the Task Force, and regional, State and local entities.

(16 U.S.C. 4721)

SEC. 1202. AQUATIC NUISANCE SPECIES PROGRAM.

(a) **IN GENERAL.**—The Task Force shall develop and implement a program for waters of the United States to prevent introduction and dispersal of aquatic nuisance species; to monitor, control and study such species; and to disseminate related information.

(b) **CONTENT.**—The program developed under subsection (a) shall—

- (1) identify the goals, priorities, and approaches for aquatic nuisance species prevention, monitoring, control, education and research to be conducted or funded by the Federal Government;
- (2) describe the specific prevention, monitoring, control, education and research activities to be conducted by each Task Force member;
- (3) coordinate aquatic nuisance species programs and activities of Task Force members and affected State agencies;

(4) describe the role of each Task Force member in implementing the elements of the program as set forth in this subtitle;

(5) include recommendations for funding to implement elements of the program; and

(6) develop a demonstration program of prevention, monitoring, control, education and research for the zebra mussel, to be implemented in the Great Lakes and any other waters infested, or likely to become infested in the near future, by the zebra mussel.

(c) PREVENTION.—

(1) IN GENERAL.—The Task Force shall establish and implement measures, within the program developed under subsection (a), to minimize the risk of introduction of aquatic nuisance species to waters of the United States, including—

(A) identification of pathways by which aquatic organisms are introduced to waters of the United States;

(B) assessment of the risk that an aquatic organism carried by an identified pathway may become an aquatic nuisance species; and

(C) evaluation of whether measures to prevent introductions of aquatic nuisance species are effective and environmentally sound.

(2) IMPLEMENTATION.—Whenever the Task Force determines that there is a substantial risk of unintentional introduction of an aquatic nuisance species by an identified pathway and that the adverse consequences of such an introduction are likely to be substantial, the Task Force shall, acting through the appropriate Federal agency, and after an opportunity for public comment, carry out cooperative, environmentally sound efforts with regional, State and local entities to minimize the risk of such an introduction.

(d) MONITORING.—The Task Force shall establish and implement monitoring measures, within the program developed under subsection (a), to—

(1) detect unintentional introductions of aquatic nuisance species;

(2) determine the dispersal of aquatic nuisance species after introduction; and

(3) provide for the early detection and prevention of infestations of aquatic nuisance species in unaffected drainage basins.

(e) CONTROL.—

(1) IN GENERAL.—The Task Force may develop cooperative efforts, within the program established under subsection (a), to control established aquatic nuisance species to minimize the risk of harm to the environment and the public health and welfare. For purposes of this Act, control efforts include eradication of infestations, reductions of populations, development of means of adapting human activities and public facilities to accommodate infestations, and prevention of the spread of aquatic nuisance species from infested areas. Such control efforts shall be developed in consultation with affected Federal agencies, States, Indian Tribes, local governments, interjurisdic-

tional organizations, and other appropriate entities. Control actions authorized by this section shall be based on the best available scientific information and shall be conducted in an environmentally sound manner.

(2) DECISIONS.—The Task Force or any other affected agency or entity may recommend that the Task Force initiate a control effort. In determining whether a control program is warranted, the Task Force shall evaluate the need for control (including the projected consequences of no control and less than full control); the technical and biological feasibility and cost-effectiveness of alternative control strategies and actions; whether the benefits of control, including costs avoided, exceed the costs of the program; the risk of harm to non-target organisms and ecosystems, public health and welfare; and such other considerations the Task Force determines appropriate. The Task Force shall also determine the nature and extent of control of target aquatic nuisance species that is feasible and desirable.

(3) PROGRAMS.—If the Task Force determines in accordance with paragraph (2) that control of an aquatic nuisance species is warranted, the Task Force shall develop a proposed control program to achieve the target level of control. A notice summarizing the proposed action and soliciting comments shall be published in the Federal Register, in major newspapers in the region affected, and in principal trade publications of the industries affected. Within 180 days of proposing a control program, and after consultation with affected governmental and other appropriate entities and taking into consideration other comments received, the Task Force shall complete development of the proposed control program.

(f) RESEARCH.—

(1) PRIORITIES.—The Task Force shall, within the program developed under subsection (a), conduct research concerning—

(A) the environmental and economic risks and impacts associated with the introduction of aquatic nuisance species into the waters of the United States;

(B) the principal pathways by which aquatic nuisance species are introduced and dispersed;

(C) possible methods for the prevention, monitoring and control of aquatic nuisance species; and

(D) the assessment of the effectiveness of prevention, monitoring and control methods.

(2) PROTOCOL.—Within 90 days of the date of enactment of this Act, the Task Force shall establish and follow a protocol to ensure that research activities carried out under this subtitle do not result in the introduction of aquatic nuisance species to waters of the United States.

(3) GRANTS FOR RESEARCH.—The Task Force shall allocate funds authorized under this Act for competitive research grants to study all aspects of aquatic nuisance species, which shall be administered through the National Sea Grant College Program and the Cooperative Fishery and Wildlife Research Units. Grants shall be conditioned to ensure that any recipient

of funds follows the protocol established under paragraph (2) of this subsection.

(g) TECHNICAL ASSISTANCE.—The Task Force shall, within the program developed under subsection (a), provide technical assistance to State and local governments and persons to minimize the environmental, public health, and safety risks associated with aquatic nuisance species, including an early warning system for advance notice of possible infestations and appropriate responses.

(h) EDUCATION.—The Task Force shall, with the program developed under subsection (a), establish and implement educational programs through Sea Grant Marine Advisory Services and any other available resources that it determines to be appropriate to inform the general public, State governments, governments of political subdivisions of States, and industrial and recreational users of aquatic resources in connection with matters concerning the identification of aquatic nuisance species, and control methods for such species, including the prevention of the further distribution of such species.

(i) ZEBRA MUSSEL DEMONSTRATION PROGRAM.—

(1) ZEBRA MUSSEL.—

(A) IN GENERAL.—The Task Force shall, within the program developed under subsection (a), undertake a program of prevention, monitoring, control, education and research for the zebra mussel to be implemented in the Great Lakes and any other waters of the United States infested or likely to become infested by the zebra mussel, including—

(i) research and development concerning the species life history, environmental tolerances and impacts on fisheries and other ecosystem components, and the efficacy of control mechanisms and means of avoiding or minimizing impacts;

(ii) tracking the dispersal of the species and establishment of an early warning system to alert likely areas of future infestations;

(iii) development of control plans in coordination with regional, State and local entities; and

(iv) provision of technical assistance to regional, State and local entities to carry out this section.

(B) PUBLIC FACILITY RESEARCH AND DEVELOPMENT.—The Assistant Secretary, in consultation with the Task Force, shall develop a program of research, technology development, and demonstration for the environmentally sound control of zebra mussels in and around public facilities. The Assistant Secretary shall collect and make available, through publications and other appropriate means, information pertaining to such control methods.

(C) VOLUNTARY GUIDELINES.—Not later than 1 year after the date of enactment of this subparagraph, the Task Force shall develop and submit to the Secretary voluntary guidelines for controlling the spread of the zebra mussel and, if appropriate, other aquatic nuisance species through recreational activities, including boating and fishing. Not

later than 4 months after the date of such submission, and after providing notice and an opportunity for public comment, the Secretary shall issue voluntary guidelines that are based on the guidelines developed by the Task Force under this subparagraph.

(2) **DISPERSAL CONTAINMENT ANALYSIS.**—

(A) **RESEARCH.**—The Administrator of the Environmental Protection Agency, in cooperation with the National Science Foundation and the Task Force, shall provide research grants on a competitive basis for projects that—

(i) identify environmentally sound methods for controlling the dispersal of aquatic nuisance species, such as the zebra mussel; and

(ii) adhere to research protocols developed pursuant to subsection (f)(2).

(B) **AUTHORIZATION OF APPROPRIATIONS.**—There are authorized to be appropriated to the Environmental Protection Agency to carry out this paragraph, \$500,000.

(3) **DISPERSAL BARRIER DEMONSTRATION.**—

(A) **IN GENERAL.**—The Assistant Secretary, in consultation with the Task Force, shall investigate and identify environmentally sound methods for preventing and reducing the dispersal of aquatic nuisance species between the Great Lakes-Saint Lawrence drainage and the Mississippi River drainage through the Chicago River Ship and Sanitary Canal, including any of those methods that could be incorporated into the operation or construction of the lock system of the Chicago River Ship and Sanitary Canal.

(B) **REPORT.**—Not later than 18 months after the date of enactment of this paragraph, the Assistant Secretary shall issue a report to the Congress that includes recommendations concerning—

(i) which of the methods that are identified under the study conducted under this paragraph are most promising with respect to preventing and reducing the dispersal of aquatic nuisance species; and

(ii) ways to incorporate those methods into ongoing operations of the United States Army Corps of Engineers that are conducted at the Chicago River Ship and Sanitary Canal.

(C) **AUTHORIZATION OF APPROPRIATIONS.**—There are authorized to be appropriated to the Department of the Army, to carry out this paragraph, \$750,000.

(4) **CONTRIBUTIONS.**—To the extent allowable by law, in carrying out the studies under paragraphs (2) and (3), the Administrator of the Environmental Protection Agency and the Secretary of the Army may enter into an agreement with an interested party under which that party provides in kind or monetary contributions for the study.

(5) **TECHNICAL ASSISTANCE.**—The Great Lakes Environmental Research Laboratory of the National Oceanic and Atmospheric Administration shall provide technical assistance to

appropriate entities to assist in the research conducted pursuant to this subsection.

(j) IMPLEMENTATION.—

(1) REGULATIONS.—The Director, the Secretary, and the Under Secretary may issue such rules and regulations as may be necessary to implement this section.

(2) PARTICIPATION OF OTHERS.—The Task Force shall provide opportunities for affected Federal agencies which are not part of the Task Force, State and local government agencies, and regional and other entities with the necessary expertise to participate in control programs. If these other agencies or entities have sufficient authority or jurisdiction and expertise and where this will be more efficient or effective, responsibility for implementing all or a portion of a control program may be delegated to such agencies or entities.

(k) REPORTS.—

(1) Not later than 12 months after the date of enactment of this Act, the Task Force shall submit a report describing the program developed under subsection (a), including the research protocol required under subsection (f)(2), to the Congress.

(2) On an annual basis after the submission of the report under paragraph (1), the Task Force shall submit a report to the Congress detailing progress in carrying out this section.

(16 U.S.C. 4722)

SEC. 1203. REGIONAL COORDINATION.

(a) GREAT LAKES PANEL.—

(1) IN GENERAL.—Not later than 30 days following the date of enactment of this Act, the Task Force shall request that the Great Lakes Commission (established under Article IV of the Great Lakes Compact to which the Congress granted consent in the Act of July 24, 1968, P.L. 90-419) convene a panel of Great Lakes region representatives from Federal, State and local agencies and from private environmental and commercial interests to—

(A) identify priorities for the Great Lakes region with respect to aquatic nuisance species;

(B) make recommendations to the Task Force regarding programs to carry out section 1202(i) of this Act;

(C) assist the Task Force in coordinating Federal aquatic nuisance species program activities in the Great Lakes region;

(D) coordinate, where possible, aquatic nuisance species program activities in the Great Lakes region that are not conducted pursuant to this Act;

(E) provide advice to public and private individuals and entities concerning methods of controlling aquatic nuisance species; and

(F) submit annually a report to the Task Force describing activities within the Great Lakes region related to aquatic nuisance species prevention, research, control.

(2) CONSULTATION.—The Task Force shall request that the Great Lakes Fishery Commission provide information to the panel convened under this subsection on technical and policy

Sec. 1204 NONINDIGENOUS AQUATIC NUISANCE PREVENTION & CONTROL 288

matters related to the international fishery resources of the Great Lakes.

(3) CANADIAN PARTICIPATION.—The panel convened under this subsection is encourage to invite representatives from the Federal, provincial or territorial governments of Canada to participate as observers.

(b) WESTERN REGIONAL PANEL.—Not later than 30 days after the date of enactment of the National Invasive Species Act of 1996, the Task Force shall request a Western regional panel, comprised of Western region representatives from Federal, State, and local agencies and from private environmental and commercial interests, to—

(1) identify priorities for the Western region with respect to aquatic nuisance species;

(2) make recommendations to the Task Force regarding an education, monitoring (including inspection), prevention, and control program to prevent the spread of the zebra mussel west of the 100th Meridian pursuant to section 1202(i) of this Act;

(3) coordinate, where possible, other aquatic nuisance species program activities in the Western region that are not conducted pursuant to this Act;

(4) develop an emergency response strategy for Federal, State, and local entities for stemming new invasions of aquatic nuisance species in the region;

(5) provide advice to public and private individuals and entities concerning methods of preventing and controlling aquatic nuisance species infestations; and

(6) submit annually a report to the Task Force describing activities within the Western region related to aquatic nuisance species prevention, research, and control.

(c) ADDITIONAL REGIONAL PANELS.—The Task Force shall—

(1) encourage the development and use of regional panels and other similar entities in regions in addition to the Great Lakes and Western regions (including providing financial assistance for the development and use of such entities) to carry out, with respect to those regions, activities that are similar to the activities described in subsections (a) and (b); and

(2) cooperate with regional panels and similar entities that carry out the activities described in paragraph (1).

(16 U.S.C. 4723)

SEC. 1204. STATE AQUATIC NUISANCE SPECIES MANAGEMENT PLANS.

(a) STATE OR INTERSTATE INVASIVE SPECIES MANAGEMENT PLANS.—

(1) IN GENERAL.—After providing notice and opportunity for public comment, the Governor of each State may prepare and submit, or the Governors of the States and the governments of the Indian tribes involved in an interstate organization, may jointly prepare and submit—

(A) a comprehensive management plan to the Task Force for approval which identifies those areas or activities within the State or within the interstate region involved, other than those related to public facilities, for which technical, enforcement, or financial assistance (or any combina-

tion thereof) is needed to eliminate or reduce the environmental, public health, and safety risks associated with aquatic nuisance species, particularly the zebra mussel; and

(B) a public facility management plan to the Assistant Secretary for approval which is limited solely to identifying those public facilities within the State or within the interstate region involved for which technical and financial assistance is needed to reduce infestations of zebra mussels.

(2) CONTENT.—Each plan shall, to the extent possible, identify the management practices and measures that will be undertaken to reduce infestations of aquatic nuisance species. Each plan shall—

(A) identify and describe State and local programs for environmentally sound prevention and control of the target aquatic nuisance species;

(B) identify Federal activities that may be needed for environmentally sound prevention and control of aquatic nuisance species and a description of the manner in which those activities should be coordinated with State and local government activities;

(C) identify any authority that the State (or any State or Indian tribe involved in the interstate organization) does not have at the time of the development of the plan that may be necessary for the State (or any State or Indian tribe involved in the interstate organization) to protect public health, property, and the environment from harm by aquatic nuisance species; and

(D) a schedule of implementing the plan, including a schedule of annual objectives, and enabling legislation.

(3) CONSULTATION.—

(A) In developing and implementing a management plan, the State or interstate organization should, to the maximum extent practicable, involve local governments and regional entities, Indian tribes, and public and private organizations that have expertise in the control of aquatic nuisance species.

(B) Upon the request of a State or the appropriate official of an interstate organization, the Task Force or the Assistant Secretary, as appropriate under paragraph (1), may provide technical assistance in developing and implementing a management plan.

(4) PLAN APPROVAL.—Within 90 days after the submission of a management plan, the Task Force or the Assistant Secretary in consultation with the Task Force, as appropriate under paragraph (1), shall review the proposed plan and approve it if it meets the requirements of this subsection or return the plan to the Governor or the interstate organization with recommended modifications.

(b) GRANT PROGRAM.—

(1) STATE GRANTS.—The Director may, at the recommendation of the Task Force, make grants to States with manage-

ment plans approved under subsection (a) for the implementation of those plans.

(2) APPLICATION.—An application for a grant under this subsection shall include an identification and description of the best management practices and measures which the State proposes to utilize in implementing an approved management plan with any Federal assistance to be provided under the grant.

(3) FEDERAL SHARE.—

(A) The Federal share of the cost of each comprehensive management plan implemented with Federal assistance under this section in any fiscal year shall not exceed 75 percent of the cost incurred by the State in implementing such management program and the non-Federal share of such costs shall be provided from non-Federal sources.

(B) The Federal share of the cost of each public facility management plan implemented with Federal assistance under this section in any fiscal year shall not exceed 50 percent of the cost incurred by the State in implementing such management program and the non-Federal share of such costs shall be provided from non-Federal sources.

(4) ADMINISTRATIVE COSTS.—For the purposes of this section, administrative costs for activities and programs carried out with a grant in any fiscal year shall not exceed 5 percent of the amount of the grant in that year.

(5) IN-KIND CONTRIBUTIONS.—In addition to cash outlays and payments, in-kind contributions of property or personnel services by non-Federal interests for activities under this section may be used for the non-Federal share of the cost of those activities.

(c) ENFORCEMENT ASSISTANCE.—Upon request of a State or Indian tribe, the Director or the Under Secretary, to the extent allowable by law and in a manner consistent with section 141 of title 14, United States Code, may provide assistance to a State or Indian tribe in enforcing an approved State or interstate invasive species management plan.

(16 U.S.C. 4724)

SEC. 1205. RELATIONSHIP TO OTHER LAWS.

All actions taken by Federal agencies in implementing the provisions of section 1202 shall be consistent with all applicable Federal, State, and local environmental laws. Nothing in this title shall affect the authority of any State or political subdivision thereof to adopt or enforce control measures for aquatic nuisance species, or diminish or affect the jurisdiction of any State over species of fish and wildlife. Compliance with the control and eradication measures of any State or political subdivision thereof regarding aquatic nuisance species shall not relieve any person of the obligation to comply with the provisions of this subtitle.

(16 U.S.C. 4725)

291 NONINDIGENOUS AQUATIC NUISANCE PREVENTION & CONTROL Sec. 1301

SEC. 1206. INTERNATIONAL COOPERATION.

(a) **ADVICE.**—The Task Force shall provide timely advice to the Secretary of State concerning aquatic nuisance species that infest waters shared with other countries.

(b) **NEGOTIATIONS.**—The Secretary of State, in consultation with the Task Force, is encouraged to initiate negotiations with the governments of foreign countries concerning the planning and implementation of prevention, monitoring, research, education, and control programs related to aquatic nuisance species infesting shared water resources.

(16 U.S.C. 4726)

SEC. 1207. INTENTIONAL INTRODUCTIONS POLICY REVIEW.

Within one year of the date of enactment of this Act, the Task Force shall, in consultation with State fish and wildlife agencies, other regional, State and local entities, potentially affected industries and other interested parties, identify and evaluate approaches for reducing the risk of adverse consequences associated with intentional introduction of aquatic organisms and submit a report of their findings, conclusions and recommendations to the Congress.

(16 U.S.C. 4727)

SEC. 1208. INJURIOUS SPECIES.

Section 42(a) of title 18, United States Code is amended by inserting “of the zebra mussel of the species *Dreissena polymorpha*,” after “*Pteropus*,”.

SEC. 1209. BROWN TREE SNAKE CONTROL PROGRAM.

The Task Force shall, within the program developed under subsection (a), undertake a comprehensive, environmentally sound program in coordination with regional, territorial, State and local entities to control the brown tree snake (*Boiga irregularis*) in Guam and other areas where the species is established outside of its historic range.

(16 U.S.C. 4728)

Subtitle D—Authorizations of Appropriation

SEC. 1301. AUTHORIZATIONS.

(a) **PREVENTION OF UNINTENTIONAL INTRODUCTIONS.**—There are authorized to be appropriated to develop and implement the provisions of subtitle B—

(1) \$500,000 until the end of fiscal year 1992 to the Secretary to carry out sections 1101 and 1102(a)(3);

(2) \$2,000,000 until the end of fiscal year 1992 to the Director and Under Secretary to carry out the studies under sections 1102(a)(1) and 1102(a)(2);

(3) to the Secretary to carry out section 1101—

(A) \$2,000,000 for each of fiscal years 1997 and 1998; and

(B) \$3,000,000 for each of fiscal years 1999 through 2002;

Sec. 1301 NONINDIGENOUS AQUATIC NUISANCE PREVENTION & CONTROL 292

(4) for each of fiscal years 1997 through 2002, to carry out paragraphs (1) and (2) of section 1102(b)—

(A) \$1,000,000 to the Department of the Interior, to be used by the Director; and

(B) \$1,000,000 to the Secretary; and

(5) for each of fiscal years 1997 through 2002—

(A) \$3,000,000, which shall be made available from funds otherwise authorized to be appropriated if such funds are so authorized, to the Under Secretary to carry out section 1102(e); and

(B) \$500,000 to the Secretary to carry out section 1102(f).

(b) **TASK FORCE AND AQUATIC NUISANCE SPECIES PROGRAM.**—There are authorized to be appropriated for each of fiscal years 1997 through 2002 to develop and implement the provisions of subtitle C—

(1) \$6,000,000 to the Department of the Interior, to be used by the Director to carry out sections 1202 and 1209;

(2) \$1,000,000 to the Department of Commerce, to be used by the Under Secretary to carry out section 1202;

(3) \$1,625,000, which shall be made available from funds otherwise authorized to be appropriated if such funds are so authorized, to fund aquatic nuisance species prevention and control research under section 1202(i) at the Great Lakes Environmental Research Laboratory of the National Oceanic and Atmospheric Administration, of which \$500,000 shall be made available for grants, to be competitively awarded and subject to peer review, for research relating to Lake Champlain;

(4) \$5,000,000 for competitive grants for university research on aquatic nuisance species under section 1202(f)(3) as follows:

(A) \$2,800,000, which shall be made available from funds otherwise authorized to be appropriated if such funds are so authorized, to fund grants under section 205 of the National Sea Grant College Program Act (33 U.S.C. 1124);

(B) \$1,200,000 to fund grants to colleges for the benefit of agriculture and the mechanic arts referred to in the first section of the Act of August 30, 1890 (26 Stat. 417, chapter 841; 7 U.S.C. 322); and

(C) \$1,000,000 to fund grants through the Cooperative Fisheries and Wildlife Research Unit Program of the United States Fish and Wildlife Service;

(5) \$3,000,000 to the Department of the Army, to be used by the Assistant Secretary to carry out section 1202(i)(1)(B); and

(6) \$300,000 to the Department of the Interior, to be used by the Director to fund regional panels and similar entities under section 1203, of which \$100,000 shall be used to fund activities of the Great Lakes Commission.

(c) **GRANTS FOR STATE MANAGEMENT PROGRAMS.**—There are authorized to be appropriated for each of fiscal years 1997 through 2002 \$4,000,000 to the Department of the Interior, to be used by the Director for making grants under section 1204, of which

\$1,500,000 shall be used by the Director, in consultation with the Assistant Secretary, for management of aquatic nuisance vegetation species.

(d) INTENTIONAL INTRODUCTIONS POLICY REVIEW.—There are authorized to be appropriated for fiscal year 1991, \$500,000 to the Director and the Under Secretary to conduct the intentional introduction policy review under section 1207.

(e) BALLAST WATER MANAGEMENT DEMONSTRATION PROGRAM.—There are authorized to be appropriated \$2,500,000 to carry out section 1104.

(f) RESEARCH.—There are authorized to be appropriated to the Director \$1,000,000 to carry out research on the prevention, monitoring, and control of aquatic nuisance species in Narragansett Bay, Rhode Island. The funds shall be made available for use by the Department of Environmental Management of the State of Rhode Island.

(16 U.S.C. 4741)

Subtitle E—Cooperative Environmental Analyses

SEC. 1401. ENVIRONMENTAL IMPACT ANALYSES.

The Secretary of State, in consultation with the Council on Environmental Quality, is encouraged to enter into negotiations with the governments of Canada and Mexico to provide for reciprocal cooperative environmental impact analysis of major Federal actions which have significant transboundary effects on the quality of the human environment in the United States, Canada, and Mexico.

(16 U.S.C. 4751)

TITLE II—GREAT LAKES FISH AND WILDLIFE RESTORATION¹

SECTION 2001. SHORT TITLE.

This title may be cited as the “Great Lakes Fish and Wildlife Restoration Act of 1990”.

(16 U.S.C. 941 nt)

SEC. 2002. FINDINGS.

The Congress finds and declares the following:

(1) As the human population of the Great Lakes Basin has expanded to over 35,000,000 people, great demands have been placed on the lakes for use for boating and other recreation, navigation, municipal and industrial water supply, waste disposal, power production, and other purposes. These growing and often conflicting demands exert pressure on the fish and wildlife resources of the Great Lakes Basin, including in the form of contaminants, invasion by nonindigenous species, habi-

¹ Public Law 101–537 and Public Law 101–646 enacted identical sections.

tat degradation and destruction, legal and illegal fishery resource harvest levels, and sea lamprey predation.

(2) The fishery resources of the Great Lakes support recreational fisheries enjoyed by more than 5,000,000 people annually and commercial fisheries providing approximately 9,000 jobs. Together, these fisheries generate economic activity worth more than \$4,400,000,000 annually to the United States.

(3) The availability of a suitable forage base is essential to lake trout, walleye, yellow perch, and other recreational and commercially valuable fishery resources of the Great Lakes Basin. Protecting and restoring productive fish habitat, including by protecting water quality, is essential to the successful recovery of Great Lakes Basin fishery resources.

(4) The Great Lakes Basin contains important breeding and migration habitat for all types of migratory birds. Many migratory bird species dependent on deteriorating Great Lakes Basin habitat have suffered serious population declines in recent years.

(5) Over 80 percent of the original wetlands in the Great Lakes Basin have been destroyed and such losses continue at a rate of 20,000 acres annually.

(6) Contaminant burdens in the fish and wildlife resources of the Great Lakes Basin are substantial and the impacts of those contaminants on the life functions of important fish and wildlife resources are poorly understood. Concern over the effects of those contaminants on human health have resulted in numerous public health advisories recommending restricted or no consumption of Great Lakes fish.

(7) The lower Great Lakes are uniquely different from the upper Great Lakes biologically, physically, and in the degree of human use and shoreline development, and special fishery resource assessments and management activities are necessary to respond effectively to these special circumstances.

(16 U.S.C. 941)

SEC. 2003. PURPOSE.

The purposes of this Act are—

(1) to carry out a comprehensive study of the status, and the assessment, management, and restoration needs, of the fishery resources of the Great Lakes Basin;

(2) to develop proposals to implement recommendations resulting from that study; and

(3) to provide assistance to the Great Lakes Fisheries Commission, States, Indian Tribes, and other interested entities to encourage cooperative conservation, restoration and management of the fish and wildlife resources and their habitat of the Great Lakes Basin.

(16 U.S.C. 941a)

SEC. 2004. DEFINITIONS.

In this Act—

(1) the term “Administrator” means the Administrator of the Environmental Protection Agency;

(2) the term “Director” means the Director of the United States Fish and Wildlife Service;

- (3) the term “fish stock” means—
- (A) a taxonomically distinct species or subspecies of fish; or
 - (B) any other aggregation of fish that are geographically, ecologically, behaviorally, or otherwise limited from breeding with individuals from other groups of fish and are capable of management as a unit;
- (4) the term “Great Lakes Basin” means the air, land, water, and living organisms within the drainage basin of the Saint Lawrence River at or upstream from the point at which the river becomes the international boundary between Canada and the United States;
- (5) the term “Indian Tribe” means any Indian tribe, band, village, nation, or other organized group or community that is recognized by the Bureau of Indian Affairs as eligible for the special programs and services provided by the United States to Indians because of their status as Indians;
- (6) the term “lower Great Lakes” means the region in which is located that portion of the Great Lakes Basin which is downstream from the confluence of the Saint Clair River and Lake Huron near Port Huron, Michigan;
- (7) the term “upper Great Lakes” means that portion of the Great Lakes Basin which is upstream from the confluence of the Saint Clair River and Lake Huron near Port Huron, Michigan.
- (8) the term “nonindigenous species” means a species of plant or animal that did not occur in the Great Lake Basin before European colonization of North America;
- (9) the term “Secretary” means the Secretary of the Army; and
- (10) the term “State Director” means the head of the agency, department, board, commission, or other governmental entity of each of the States of New York, Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesota, and the Commonwealth of Pennsylvania which is responsible for the management and conservation of the fish and wildlife resources of that State.

(16 U.S.C. 941b)

SEC. 2005. GREAT LAKES FISHERY RESOURCES RESTORATION STUDY.

(a) **IN GENERAL.**—The Director shall conduct a comprehensive study of the status of, and the assessment, management, and restoration needs of, the fishery resources of the Great Lakes Basin and shall provide the opportunity for the Secretary, the Administrator, State Directors, Indian Tribes, the Great Lakes Fishery Commission, appropriate Canadian Government entities, and other appropriate entities to participate in the study. The Director shall complete the study by October 1, 1994.

(b) **MEMORANDUM OF UNDERSTANDING.**—To provide opportunities for the full participation of all affected entities in the planning and conduct of the study, the Director shall invite the entities identified in subsection (a) to enter into a memorandum of understanding regarding the scope and focus of the study and the responsibilities of each participant for conducting the study.

(c) CONTENT OF STUDY.—A study under this section shall include, but not be limited to—

(1) identifying and describing the component drainages of the Great Lakes Basin (including the drainage for each of the Great Lakes), analyzing how the characteristics and current or expected land and water uses of those drainages have affected, and can be expected to affect in the future, the fishery resources and fish habitats of the Great Lakes Basin;

(2) analyzing historical fishery resource data for the Great Lakes Basin to identify the causes of past and continuing declines of the fishery resources and the impediments to restoring those resources;

(3) evaluating the adequacy, effectiveness, and consistency of current Great Lakes interagency fisheries management plans and Federal and State water quality programs, with respect to their effects on Great Lakes fishery resources;

(4) analyzing the impacts of, and management control alternatives for, recently introduced nonindigenous species, including the zebra mussel, the ruffe, and the spiny water flea in accordance with the Aquatic Nuisance Prevention and Control Act of 1990;

(5) developing recommendations regarding—

(A) an action plan to analyze the effects of contaminant levels on fishery resources;

(B) an action plan for the cooperative restoration and enhancement of depleted, nationally significant fish stocks, including lake trout, yellow perch, lake sturgeon, walleye, forage fish, and Atlantic salmon;

(C) planning and technical assistance that should be provided to the Great Lakes Fisheries Commission, States, and Indian Tribes to assist their fishery resource restoration efforts;

(D) mitigation measures to restore and enhance fishery resources adversely affected by past Federal (including federally assisted or approved) water resource development projects and other activities;

(E) increasing the involvement of the International Joint Commission, the Great Lakes Commission, the Great Lakes Fishery Commission, and other interjurisdictional entities regarding fishery resources protection, restoration, and enhancement;

(F) research projects and data gathering initiatives regarding population trends of fish stocks, including population abundance and structure, interspecific competition, survival rates, and behavioral patterns;

(G) important fishery resource habitat and other areas that should be protected, restored, or enhanced for the benefit of Great Lakes fishery resources;

(H) how private conservation organizations, recreational and commercial fishing interests, the aquaculture industry, and the general public could contribute to the implementation of the fishery resource restoration and enhancement recommendations developed pursuant to this Act; and

(I) appropriate contributions that should be made by States and other non-Federal entities to the cost of activities undertaken to implement the recommendations, including a description of—

- (i) the activities that shall be cost-shared;
- (ii) the entities or individuals which shall share the costs of those activities;
- (iii) the proportion of appropriate project and activity costs that shall be borne by non-Federal interests; and
- (iv) how the entities or individuals who share costs should finance their contribution.

(d) PROPOSALS FOR IMPLEMENTING RECOMMENDATIONS.—The Director shall develop proposals for implementing the recommendations of the study developed under subsection (c)(5). The proposals shall be consistent with the goals of the Great Lakes Water Quality Agreement, as revised in 1987, the 1954 Great lakes Fisheries Convention, State and tribal fishery management jurisdiction, and the 1980 Joint Strategic Plan for the management of Great Lakes fishery resources.

(16 U.S.C. 941c)

SEC. 2006. GOALS OF UNITED STATES FISH AND WILDLIFE SERVICE PROGRAMS RELATED TO GREAT LAKES FISH AND WILDLIFE RESOURCES.

In administering programs of the United States Fish and Wildlife Service related to the Great Lakes Basin, the Director shall seek to achieve the following goals:

- (1) Restoring and maintaining self-sustaining fishery resource populations.
- (2) Minimizing the impacts of contaminants on fishery and wildlife resources.
- (3) Protecting, maintaining, and, where degraded and destroyed, restoring fish and wildlife habitat, including the enhancement and creation of wetlands that result in a net gain in the amount of those habitats.
- (4) Stopping illegal activities adversely impacting fishery and wildlife resources.
- (5) Restoring threatened and endangered species to viable, self-sustaining levels.
- (6) Protecting, managing, and conserving migratory birds.

(16 U.S.C. 941d)

SEC. 2007. ESTABLISHMENT OF OFFICES.

(a) GREAT LAKES COORDINATION OFFICE.—The Director shall establish a centrally located facility for the coordination of all United States Fish and Wildlife Service activities in the Great Lakes Basin, to be known as the “Great Lakes Coordination Office”. The functional responsibilities of the Great Lakes Coordination Office shall include intra- and interagency coordination, information distribution, and public awareness outreach. The Great Lakes Coordination Office shall include all administrative and technical support necessary to carry out its responsibilities.

(b) LOWER GREAT LAKES FISHERY RESOURCES OFFICE.—The Director shall establish an office with necessary administrative and

Sec. 2008 NONINDIGENOUS AQUATIC NUISANCE PREVENTION & CONTROL 298

technical support services to carry out all United States Fish and Wildlife Service operational activities related to fishery resource protection, restoration, maintenance, and enhancement in the Lower Great Lakes. The office shall be known as the “Lower Great Lakes Fishery Resources Office”, and shall be centrally located in the lower Great Lakes so as to facilitate fishery resource restoration and enhancement activities relating to the lower Great Lakes.

(c) UPPER GREAT LAKES FISHERY RESOURCES OFFICES.—The Director shall establish one or more offices with necessary administrative and technical support services to carry out United States Fish and Wildlife Service operational activities related to fishery resource protection, restoration, maintenance, and enhancement in the upper Great Lakes. Each of the offices shall be known as an “Upper Great Lakes Fishery Resources Office”, and shall be appropriately located so as to facilitate fishery resource activities in the upper Great Lakes.

(16 U.S.C. 941e)

SEC. 2008. ANNUAL REPORTS.

Not later than 1 year after the date of the enactment of this Act and annually thereafter, the Director shall submit a report to the Committee on Merchant Marine and Fisheries of the House of Representatives and the Committee on Environment and Public Works of the Senate. Each such report shall describe—

(1) the progress and findings of the studies conducted under section 2005, including recommendations of implementing activities, where appropriate, that would contribute to the restoration or improvement of one or more fish stocks of the Great Lakes Basin; and

(2) activities undertaken to accomplish the goals stated in section 2006.

(16 U.S.C. 941f)

SEC. 2009. AUTHORIZATION OF APPROPRIATIONS.

(a) There are authorized to be appropriated to the Director—

(1) for conducting a study under section 2005 not more than \$4,000,000 for each of fiscal years 1991 through 1994;

(2) to establish and operate the Great Lakes Coordination Office under section 2008(a) and Upper Great Lakes Fishery Resources Offices under section 2008(c), not more than \$4,000,000 for each of fiscal years 1991 through 1995; and

(3) to establish and operate the Lower Great Lakes Fishery Resources Offices under section 2008(b), not more than \$2,000,000 for each of fiscal years 1991 through 1995.

(b) There are authorized to be appropriated to the Secretary to carry out this Act, not more than \$1,500,000 for each of fiscal years 1991 through 1995.

(16 U.S.C. 941g)

TITLE III—WETLANDS**SEC. 301. SHORT TITLE.**

This title may be cited as the “Coastal Wetlands Planning, Protection and Restoration Act”.

(16 U.S.C. 3951 nt)

SEC. 302. DEFINITIONS.

As used in this title, the term—

- (1) “Secretary” means the Secretary of the Army;
- (2) “Administrator” means the Administrator of the Environmental Protection Agency;
- (3) “development activities” means any activity, including the discharge of dredged or fill material, which results directly in a more than de minimus change in the hydrologic regime, bottom contour, or the type, distribution or diversity of hydrophytic vegetation, or which impairs the flow, reach, or circulation of surface water within wetlands or other waters;
- (4) “State” means the State of Louisiana;
- (5) “coastal State” means a State of the United States in, or bordering on, the Atlantic, Pacific, or Arctic Ocean, the Gulf of Mexico, Long Island Sound, or one or more of the Great Lakes; for the purposes of this title, the term also includes Puerto Rico, the Virgin Islands, Guam, the Commonwealth of the Northern Mariana Islands, and the Trust Territories of the Pacific Islands, and American Samoa;
- (6) “coastal wetlands restoration project” means any technically feasible activity to create, restore, protect, or enhance coastal wetlands through sediment and freshwater diversion, water management, or other measures that the Task Force finds will significantly contribute to the long-term restoration or protection of the physical, chemical and biological integrity of coastal wetlands in the State of Louisiana, and includes any such activity authorized under this title or under any other provision of law, including, but not limited to, new projects, completion or expansion of existing or on-going projects, individual phases, portions, or components of projects and operation, maintenance and rehabilitation of completed projects; the primary purpose of a “coastal wetlands restoration project” shall not be to provide navigation, irrigation or flood control benefits;
- (7) “coastal wetlands conservation project” means—
 - (A) the obtaining of a real property interest in coastal lands or waters, if the obtaining of such interest is subject to terms and conditions that will ensure that the real property will be administered for the long-term conservation of such lands and waters and the hydrology, water quality and fish and wildlife dependent thereon; and
 - (B) the restoration, management, or enhancement of coastal wetlands ecosystems if such restoration, management, or enhancement is conducted on coastal lands and waters that are administered for the long-term conservation of such lands and waters and the hydrology, water quality and fish and wildlife dependent thereon;
- (8) “Governor” means the Governor of Louisiana;
- (9) “Task Force” means the Louisiana Coastal Wetlands Conservation and Restoration Task Force which shall consist of the Secretary, who shall serve as chairman, the Administrator, the Governor, the Secretary of the Interior, the Secretary of Agriculture and the Secretary of Commerce; and

Sec. 303 NONINDIGENOUS AQUATIC NUISANCE PREVENTION & CONTROL 300

(10) "Director" means the Director of the United States Fish and Wildlife Service.

(16 U.S.C. 3951)

SEC. 303. PRIORITY LOUISIANA COASTAL WETLANDS RESTORATION PROJECTS.

(a) PRIORITY PROJECT LIST.—

(1) PREPARATION OF LIST.—Within forty-five days after the date of enactment of this title, the Secretary shall convene the Task Force to initiate a process to identify and prepare a list of coastal wetlands restoration projects in Louisiana to provide for the long-term conservation of such wetlands and dependent fish and wildlife populations in order of priority, based on the cost-effectiveness of such projects in creating, restoring, protecting, or enhancing coastal wetlands, taking into account the quality of such coastal wetlands, with due allowance for small-scale projects necessary to demonstrate the use of new techniques or materials for coastal wetlands restoration.

(2) TASK FORCE PROCEDURES.—The Secretary shall convene meetings of the Task Force as appropriate to ensure that the list is produced and transmitted annually to the Congress as required by this subsection. If necessary to ensure transmittal of the list on a timely basis, the Task Force shall produce the list by a majority vote of those Task Force members who are present and voting; except that no coastal wetlands restoration project shall be placed on the list without the concurrence of the lead Task Force member that the project is cost effective and sound from an engineering perspective. Those projects which potentially impact navigation or flood control on the lower Mississippi River System shall be constructed consistent with section 304 of this Act.

(3) TRANSMITTAL OF LIST.—No later than one year after the date of enactment of this title, the Secretary shall transmit to the Congress the list of priority coastal wetlands restoration projects required by paragraph (1) of this subsection. Thereafter, the list shall be updated annually by the Task Force members and transmitted by the Secretary to the Congress as part of the President's annual budget submission. Annual transmittals of the list to the Congress shall include a status report on each project and a statement from the Secretary of the Treasury indicating the amounts available for expenditure to carry out this title.

(4) LIST OF CONTENTS.—

(A) AREA IDENTIFICATION; PROJECT DESCRIPTION.—The list of priority coastal wetlands restoration projects shall include, but not be limited to—

(i) identification, by map or other means, of the coastal area to be covered by the coastal wetlands restoration project; and

(ii) a detailed description of each proposed coastal wetlands restoration project including a justification for including such project on the list, the proposed activities to be carried out pursuant to each coastal wetlands restoration project, the benefits to be realized by

such project, the identification of the lead Task Force member to undertake each proposed coastal wetlands restoration project and the responsibilities of each other participating Task Force member, an estimated timetable for the completion of each coastal wetlands restoration project, and the estimated cost of each project.

(B) PRE-PLAN.—Prior to the date on which the plan required by subsection (b) of this section becomes effective, such list shall include only those coastal wetlands restoration projects that can be substantially completed during a five-year period commencing on the date the project is placed on the list.

(C) Subsequent to the date on which the plan required by subsection (b) of this section becomes effective, such list shall include only those coastal wetlands restoration projects that have been identified in such plan.

(5) FUNDING.—The Secretary shall, with the funds made available in accordance with section 306 of this title, allocate funds among the members of the Task Force based on the need for such funds and such other factors as the Task Force deems appropriate to carry out the purposes of this subsection.

(b) FEDERAL AND STATE PROJECT PLANNING.—

(1) PLAN PREPARATION.—The Task Force shall prepare a plan to identify coastal wetlands restoration projects, in order of priority, based on the cost-effectiveness of such projects in creating, restoring, protecting, or enhancing the long-term conservation of coastal wetlands, taking into account the quality of such coastal wetlands, with due allowance for small-scale projects necessary to demonstrate the use of new techniques or materials for coastal wetlands restoration. Such restoration plan shall be completed within three years from the date of enactment of this title.

(2) PURPOSE OF THE PLAN.—The purpose of the restoration plan is to develop a comprehensive approach to restore and prevent the loss of, coastal wetlands in Louisiana. Such plan shall coordinate and integrate coastal wetlands restoration projects in a manner that will ensure the long-term conservation of the coastal wetlands of Louisiana.

(3) INTEGRATION OF EXISTING PLANS.—In developing the restoration plan, the Task Force shall seek to integrate the “Louisiana Comprehensive Coastal Wetlands Feasibility Study” conducted by the Secretary of the Army and the “Coastal Wetlands Conservation and Restoration Plan” prepared by the State of Louisiana’s Wetlands Conservation and Restoration Task Force.

(4) ELEMENTS OF THE PLAN.—The restoration plan developed pursuant to this subsection shall include—

(A) identification of the entire area in the State that contains coastal wetlands;

(B) identification, by map or other means, of coastal areas in Louisiana in need of coastal wetlands restoration projects;

(C) identification of high priority coastal wetlands restoration projects in Louisiana needed to address the areas identified in subparagraph (B) and that would provide for the long-term conservation of restored wetlands and dependent fish and wildlife populations;

(D) a listing of such coastal wetlands restoration projects, in order of priority, to be submitted annually, incorporating any project identified previously in lists produced and submitted under subsection (a) of this section;

(E) a detailed description of each proposed coastal wetlands restoration project, including a justification for including such project on the list;

(F) the proposed activities to be carried out pursuant to each coastal wetlands restoration project;

(G) the benefits to be realized by each such project;

(H) an estimated timetable for completion of each coastal wetlands restoration project;

(I) an estimate of the cost of each coastal wetlands restoration project;

(J) identification of a lead Task Force member to undertake each proposed coastal wetlands restoration project listed in the plan;

(K) consultation with the public and provision for public review during development of the plan; and

(L) evaluation of the effectiveness of each coastal wetlands restoration project in achieving long-term solutions to arresting coastal wetlands loss in Louisiana.

(5) PLAN MODIFICATION.—The Task Force may modify the restoration plan from time to time as necessary to carry out the purposes of this section.

(6) PLAN SUBMISSION.—Upon completion of the restoration plan, the Secretary shall submit the plan to the Congress. The restoration plan shall become effective ninety days after the date of its submission to the Congress.

(7) PLAN EVALUATION.—Not less than three years after the completion and submission of the restoration plan required by this subsection and at least every three years thereafter, the Task Force shall provide a report to the Congress containing a scientific evaluation of the effectiveness of the coastal wetlands restoration projects carried out under the plan in creating, restoring, protecting and enhancing coastal wetlands in Louisiana.

(c) COASTAL WETLANDS RESTORATION PROJECT BENEFITS.—Where such a determination is required under applicable law, the net ecological, aesthetic, and cultural benefits, together with the economic benefits, shall be deemed to exceed the costs of any coastal wetlands restoration project within the State which the Task Force finds to contribute significantly to wetlands restoration.

(d) CONSISTENCY.—(1) In implementing, maintaining, modifying, or rehabilitating navigation, flood control or irrigation projects, other than emergency actions, under other authorities, the Secretary, in consultation with the Director and the Administrator, shall ensure that such actions are consistent with the purposes of the restoration plan submitted pursuant to this section.

(2) At the request of the Governor of the State of Louisiana, the Secretary of Commerce shall approve the plan as an amendment to the State's coastal zone management program approved under section 306 of the Coastal Zone Management Act of 1972 (16 U.S.C. 1455).

(e) FUNDING OF WETLANDS RESTORATION PROJECTS.—The Secretary shall, with the funds made available in accordance with this title, allocate such funds among the members of the Task Force to carry out coastal wetlands restoration projects in accordance with the priorities set forth in the list transmitted in accordance with this section. The Secretary shall not fund a coastal wetlands restoration project unless that project is subject to such terms and conditions as necessary to ensure that wetlands restored, enhanced or managed through that project will be administered for the long-term conservation of such lands and waters and dependent fish and wildlife populations.

(f) COST-SHARING.—

(1) FEDERAL SHARE.—Amounts made available in accordance with section 306 of this title to carry out coastal wetlands restoration projects under this title shall provide 75 percent of the cost of such projects.

(2) FEDERAL SHARE UPON CONSERVATION PLAN APPROVAL.—Notwithstanding the previous paragraph, if the State develops a Coastal Wetlands Conservation Plan pursuant to this title, and such conservation plan is approved pursuant to section 304 of this title, amounts made available in accordance with section 306 of this title for any coastal wetlands restoration project under this section shall be 85 percent of the cost of the project. In the event that the Secretary, the Director, and the Administrator jointly determine that the State is not taking reasonable steps to implement and administer a conservation plan developed and approved pursuant to this title, amounts made available in accordance with section 306 of this title for any coastal wetlands restoration project shall revert to 75 percent of the cost of the project: *Provided, however*, that such reversion to the lower cost share level shall not occur until the Governor has been provided notice of, and opportunity for hearing on, any such determination by the Secretary, the Director, and Administrator, and the State has been given ninety days from such notice or hearing to take corrective action.

(3) FORM OF STATE SHARE.—The share of the cost required of the State shall be from a non-Federal source. Such State share shall consist of a cash contribution of not less than 5 percent of the cost of the project. The balance of such State share may take the form of lands, easements, or right-of-way, or any other form of in-kind contribution determined to be appropriate by the lead Task Force member.

(4) Paragraphs (1), (2), and (3) of this subsection shall not affect the existing cost-sharing agreements for the following projects: Caernarvon Freshwater Diversion, Davis Pond Freshwater Diversion, and Bonnet Carre Freshwater Diversion.

(16 U.S.C. 3952)

Sec. 304 NONINDIGENOUS AQUATIC NUISANCE PREVENTION & CONTROL 304

SEC. 304. LOUISIANA COASTAL WETLANDS CONSERVATION PLANNING.

(a) DEVELOPMENT OF CONSERVATION PLAN.—

(1) AGREEMENT.—The Secretary, the Director, and the Administrator are directed to enter into an agreement with the Governor, as set forth in paragraph (2) of this subsection, upon notification of the Governor's willingness to enter into such agreement.

(2) TERMS OF AGREEMENT.—

(A) Upon receiving notification pursuant to paragraph (1) of this subsection, the Secretary, the Director, and the Administrator shall promptly enter into an agreement (hereafter in this section referred to as the "agreement") with the State under the terms set forth in subparagraph (B) of this paragraph.

(B) The agreement shall—

(i) set forth a process by which the State agrees to develop, in accordance with this section, a coastal wetlands conservation plan (hereafter in this section referred to as the "conservation plan");

(ii) designate a single agency of the State to develop the conservation plan;

(iii) assure an opportunity for participation in the development of the conservation plan, during the planning period, by the public and by Federal and State agencies;

(iv) obligate the State, not later than three years after the date of signing the agreement, unless extended by the parties thereto, to submit the conservation plan to the Secretary, the Director, and the Administrator for their approval; and

(v) upon approval of the conservation plan, obligate the State to implement the conservation plan.

(3) GRANTS AND ASSISTANCE.—Upon the date of signing the agreement—

(A) the Administrator shall, in consultation with the Director, with the funds made available in accordance with section 306 of this title, make grants during the development of the conservation plan to assist the designated State agency in developing such plan. Such grants shall not exceed 75 percent of the cost of developing the plan; and

(B) the Secretary, the Director, and the Administrator shall provide technical assistance to the State to assist it in the development of the plan.

(b) CONSERVATION PLAN GOAL.—If a conservation plan is developed pursuant to this section, it shall have a goal of achieving no net loss of wetlands in the coastal areas of Louisiana as a result of development activities initiated subsequent to approval of the plan, exclusive of any wetlands gains achieved through implementation of the preceding section of this title.

(c) ELEMENTS OF CONSERVATION PLAN.—The conservation plan authorized by this section shall include—

(1) identification of the entire coastal area in the State that contains coastal wetlands;

(2) designation of a single State agency with the responsibility for implementing and enforcing the plan;

(3) identification of measures that the State shall take in addition to existing Federal authority to achieve a goal of no net loss of wetlands as a result of development activities, exclusive of any wetlands gains achieved through implementation of the preceding section of this title;

(4) a system that the State shall implement to account for gains and losses of coastal wetlands within coastal areas for purposes of evaluating the degree to which the goal of no net loss of wetlands as a result of development activities in such wetlands or other waters has been attained;

(5) satisfactory assurances that the State will have adequate personnel, funding, and authority to implement the plan;

(6) a program to be carried out by the State for the purpose of educating the public concerning the necessity to conserve wetlands;

(7) a program to encourage the use of technology by persons engaged in development activities that will result in negligible impact on wetlands; and

(8) a program for the review, evaluation, and identification of regulatory and nonregulatory options that will be adopted by the State to encourage and assist private owners of wetlands to continue to maintain those lands as wetlands.

(d) APPROVAL OF CONSERVATION PLAN.—

(1) IN GENERAL.—If the Governor submits a conservation plan to the Secretary, the Director, and the Administrator for their approval, the Secretary, the Director, and the Administrator shall, within one hundred and eighty days following receipt of such plan, approve or disapprove it.

(2) APPROVAL CRITERIA.—The Secretary, the Director, and the Administrator shall approve a conservation plan submitted by the Governor, if they determine that—

(A) the State has adequate authority to fully implement all provisions of such a plan;

(B) such a plan is adequate to attain the goal of no net loss of coastal wetlands as a result of development activities and complies with the other requirements of this section; and

(C) the plan was developed in accordance with terms of the agreement set forth in subsection (a) of this section.

(e) MODIFICATION OF CONSERVATION PLAN.—

(1) NONCOMPLIANCE.—If the Secretary, the Director, and the Administrator determine that a conservation plan submitted by the Governor does not comply with the requirements of subsection (d) of this section, they shall submit to the Governor a statement explaining why the plan is not in compliance and how the plan should be changed to be in compliance.

(2) RECONSIDERATION.—If the Governor submits a modified conservation plan to the Secretary, the Director, and the Administrator for their reconsideration, the Secretary, the Director, and Administrator shall have ninety days to determine

Sec. 305 NONINDIGENOUS AQUATIC NUISANCE PREVENTION & CONTROL 306

whether the modifications are sufficient to bring the plan into compliance with requirements of subsection (d) of this section.

(3) APPROVAL OF MODIFIED PLAN.—If the Secretary, the Director, and the Administrator fail to approve or disapprove the conservation plan, as modified, within the ninety-day period following the date on which it was submitted to them by the Governor, such plan, as modified, shall be deemed to be approved effective upon the expiration of such ninety-day period.

(f) AMENDMENTS TO CONSERVATION PLAN.—If the Governor amends the conservation plan approved under this section, any such amended plan shall be considered a new plan and shall be subject to the requirements of this section; except that minor changes to such plan shall not be subject to the requirements of this section.

(g) IMPLEMENTATION OF CONSERVATION PLAN.—A conservation plan approved under this section shall be implemented as provided therein.

(h) FEDERAL OVERSIGHT.—

(1) INITIAL REPORT TO CONGRESS.—Within one hundred and eighty days after entering into the agreement required under subsection (a) of this section, the Secretary, the Director, and the Administrator shall report to the Congress as to the status of a conservation plan approved under this section and the progress of the State in carrying out such a plan, including and accounting, as required under subsection (c) of this section, of the gains and losses of coastal wetlands as a result of development activities.

(2) REPORT TO CONGRESS.—Twenty-four months after the initial one hundred and eighty day period set forth in paragraph (1), and at the end of each twenty-four-month period thereafter, the Secretary, the Director, and the Administrator shall, report to the Congress on the status of the conservation plan and provide an evaluation of the effectiveness of the plan in meeting the goal of this section.

(16 U.S.C. 3953)

SEC. 305 NATIONAL COASTAL WETLANDS CONSERVATION GRANTS.

(a) MATCHING GRANTS.—The Director shall, with the funds made available in accordance with the next following section of this title, make matching grants to any coastal State to carry out coastal wetlands conservation projects from funds made available for that purpose.

(b) PRIORITY.—Subject to the cost-sharing requirements of this section, the Director may grant or otherwise provide any matching moneys to any coastal State which submits a proposal substantial in character and design to carry out a coastal wetlands conservation project. In awarding such matching grants, the Director shall give priority to coastal wetlands conservation projects that are—

(1) consistent with the National Wetlands Priority Conservation Plan developed under section 301 of the Emergency Wetlands Resources Act (16 U.S.C. 3921); and

(2) in coastal States that have established dedicated funding for programs to acquire coastal wetlands, natural areas and open spaces. In addition, priority consideration shall be

given to coastal wetlands conservation projects in maritime forests on coastal barrier islands.

(c) **CONDITIONS.**—The Director may only grant or otherwise provide matching moneys to a coastal State for purposes of carrying out a coastal wetlands conservation project if the grant or provision is subject to terms and conditions that will ensure that any real property interest acquired in whole or in part, or enhanced, managed, or restored with such moneys will be administered for the long-term conservation of such lands and waters and the fish and wildlife dependent thereon.

(d) **COST-SHARING.**—

(1) **FEDERAL SHARE.**—Grants to coastal States of matching moneys by the Director for any fiscal year to carry out coastal wetlands conservation projects shall be used for the payment of not to exceed 50 percent of the total costs of such projects: except that such matching moneys may be used for payment of not to exceed 75 percent of the costs of such projects if a coastal State has established and is using one of the following for the purpose of acquiring coastal wetlands, other natural areas or open spaces:

(A) a trust fund from which the principal is not spent; or

(B) a fund derived from a dedicated recurring source of monies including, but not limited to, real estate transfer fees or taxes, cigarette taxes, tax check-offs, or motor vehicle license plate fees.

(2) **FORM OF STATE SHARE.**—The matching moneys required of a coastal State to carry out a coastal wetlands conservation project shall be derived from a non-Federal source.

(3) **IN-KIND CONTRIBUTIONS.**—In addition to cash outlays and payments, in-kind contributions of property or personnel services by non-Federal interests for activities under this section may be used for the non-Federal share of the cost of those activities.

(e) **PARTIAL PAYMENTS.**—

(1) The Director may from time to time make matching payments to carry out coastal wetlands conservation projects as such projects progress, but such payments, including previous payments, if any, shall not be more than the Federal pro rata share of any such project in conformity with subsection (d) of this section.

(2) The Director may enter into agreements to make matching payments on an initial portion of a coastal wetlands conservation project and to agree to make payments on the remaining Federal share of the costs of such project from subsequent moneys if and when they become available. The liability of the United States under such an agreement is contingent upon the continued availability of funds for the purpose of this section.

(f) **WETLANDS ASSESSMENT.**—The Director shall, with the funds made available in accordance with the next following section of this title, direct the U.S. Fish and Wildlife Service's National Wetland Inventory to update and digitize wetlands maps in the State of Texas and to conduct an assessment of the status, condition, and trends of wetlands in that State.

Sec. 306 NONINDIGENOUS AQUATIC NUISANCE PREVENTION & CONTROL 308

(16 U.S.C. 3954)

SEC. 306. DISTRIBUTION OF APPROPRIATIONS.

(a) **PRIORITY PROJECT AND CONSERVATION PLANNING EXPENDITURES.**—Of the total amount appropriated during a given fiscal year to carry out this title, 70 percent, not to exceed \$70,000,000, shall be available, and shall remain available until expended, for the purposes of making expenditures—

(1) not to exceed the aggregate amount of \$5,000,000 annually to assist the Task Force in the preparation of the list required under this title and the plan required under this title, including preparation of—

- (A) preliminary assessments;
- (B) general or site-specific inventories;
- (C) reconnaissance, engineering or other studies;
- (D) preliminary design work; and
- (E) such other studies as may be necessary to identify and evaluate the feasibility of coastal wetland restoration projects;

(2) to carry out coastal wetlands restoration projects in accordance with the priorities set forth on the list prepared under this title;

(3) to carry out wetlands restoration projects in accordance with the priorities set forth in the restoration plan prepared under this title;

(4) to make grants not to exceed \$2,500,000 annually or \$10,000,000 in total, to assist the agency designated by the State in development of the Coastal Wetlands Conservation Plan pursuant to this title.

(b) **COASTAL WETLANDS CONSERVATION GRANTS.**—Of the total amount appropriated during a given fiscal year to carry out this title, 15 percent, not to exceed \$15,000,000 shall be available, and shall remain available to the Director, for purposes of making grants—

(1) to any coastal State, except States eligible to receive funding under section 306(a), to carry out coastal wetlands conservation projects in accordance with section 305 of this title; and

(2) in the amount of \$2,500,000 in total for an assessment of the status, condition, and trends of wetlands in the State of Texas.

(c) **NORTH AMERICAN WETLANDS CONSERVATION.**—Of the total amount appropriated during a given fiscal year to carry out this title, 15 percent, not to exceed \$15,000,000, shall be available to, and shall remain available until expended by, the Secretary of the Interior for allocation to carry out wetlands conservation projects in coastal wetlands ecosystems in any coastal State under section 8 of the North American Wetlands Conservation Act (Public Law 101-233, 103 Stat. 1968, December 13, 1989).

(16 U.S.C. 3955)

SEC. 307. GENERAL PROVISIONS.

(a) **ADDITIONAL AUTHORITY FOR THE CORPS OF ENGINEERS.**—The Secretary is authorized to carry out projects for the protection, restoration, or enhancement of aquatic and associated ecosystems,

309 NONINDIGENOUS AQUATIC NUISANCE PREVENTION & CONTROL Sec. 4002

including projects for the protection, restoration, or creation of wetlands and coastal ecosystems. In carrying out such projects, the Secretary shall give such projects equal consideration with projects relating to irrigation, navigation, or flood control.

(b) **STUDY.**—The Secretary is hereby authorized and directed to study the feasibility of modifying the operation of existing navigation and flood control projects to allow for an increase in the share of the Mississippi River flows and sediment sent down the Atchafalaya River for purposes of land building and wetlands nourishment.

(16 U.S.C. 3956)

SEC. 308. CONFORMING AMENDMENT.

16 U.S.C. 777c is amended by adding the following after the first sentence: “The Secretary shall distribute 18 per centum of each annual appropriation made in accordance with the provisions of section 777b of this title as provided in the Coastal Wetlands Planning, Protection and Restoration Act: *Provided*, That, notwithstanding the provisions of section 777b, such sums shall remain available to carry out such Act through fiscal year 1999.”.

TITLE IV—GREAT LAKES OIL POLLUTION RESEARCH AND DEVELOPMENT

SEC. 4001. SHORT TITLE.

This title may be cited as the “Great Lakes Oil Pollution Research and Development Act”.

SEC. 4002. GREAT LAKES OIL POLLUTION RESEARCH AND DEVELOPMENT.

Section 7001 of the Oil Pollution Act of 1990 (Public Law 101–380) is amended as follows:

(1) **GREAT LAKES DEMONSTRATION PROJECT.**—In subsection (c)(6), strike “3” and insert “4”, strike “and” after “California,”, and insert “and (D) ports on the Great Lakes,” after “Louisiana,”.

(2) **FUNDING.**—In subsection (f) strike “21,250,000” and insert “22,000,000” and in subsection (f)(2) strike “2,250,000” and insert “3,000,000”.
